ABOUT ME

I have recently finished my Masters of Architecture at the University of Melbourne, having just finished my Thesis. I am a determined, reliable, hard worker constantly looking to improve myself and my skills and a collaborate as part of a team.

I have played domestic and representative Big V basketball my whole life and balanced several jobs. I have worked a range of jobs from waitressing, bartending, coaching and as an architect's assistant.

EXPERIENCE

CREW MEMBER | GLORIA JEAN'S COFFEES 2015 - 2020

As a first-time job I was trained on register and worked my way up through the business to BA and Barista. In this role I learned the art of multitasking and working as part of a team.

BAR TENDER | AIRSTREAM CAFE 2020 - 2021

BAR LEADER/RESTURANT FOH MANAGER | AIRSTREAM CAFE 2022 - 2023

I was promoted to Bar Leader after the previous Bar Leader left. This position gives me more responsibilities in stock management, quality control and relationships with co-workers while also now working with the management team to improve the restaurant.

ARCHITECTURE STUDENT | CHAMBERLAIN ARCHITECTS 2023 - 2025

I worked at Chamberlain Architects and Interiors as my first architectural job. Two of the architects had taught me in Studio at Monash in my final year of my undergraduate degree and invited me to interview for the position. Here I work on visual representations for the Architects, putting together presentations and various other technical responsibilities. In this position I work directly with the team to develop my skills and get involved in the process as much as possible. Aside from office admin and organisation, I worked daily on renders, often producing 100+ render iterations in a day. Along side experience in markups, modelling and interior elevations, I got to go to site visits for projects and be involved in the practice.

BAR TENDER/WAIT STAFF | MALVERN RSL 2024 - 2026

Working at a bar tending, managing stock, updating systems and common FOH hospitality duties. Regularly organise, arrange and host events for the Christmas season ensuring all patrons enjoyed their time.

BASKETBALL COACHING | VARIOUS 2017 - 2024

I have a current WWCC. I started doing private skill sessions for girls playing domestic basketball and over the years have run several training sessions for kids starting at 8 to 17 years old.

CALVINO COFFEE | STORE MANAGER

2025 - NOW

I am currently employed as a manger for multiple sites at Calvin Coffee, coming from a background of my family owning coffee shops and then managing a restaurant, this felt like returning to something known. On the daily, I handle customers, staff, stock take, ordering and of course, making coffee.

EDUCATION

VCE | 2019 | MATER CHRISTI COLLEGE, BELGRAVE

RSA | 2020 | WILLIAM ANGLISS INSTITUTE

Requirement of part time job while at school

BACHELOR OF ARCHITECTURE DESIGN | MONASH UNIVERSITY

MASTERS OF ARCHITECTURE | THE UNIVERSITY OF
MELBOURNE

SPATIAL DESIGN | MONASH UNIVERSITY 1 YEAR

To Whom it may concern

RE: Colby Rough - ARCHITECTURAL ASSISTANT

Colby was employed by us as an architectural assistant between November 2023 and November 2025 whilst she completed her studies.

Colby was a valuable addition to the team during this time, with an exceptional work ethic, along with a can do attitude that allowed her to excel in numerous areas of the practice.

She had exposure to schematic design and documentation phases which saw her helping with presentations, including visualisations, and documentation markups.

She was also very helpful with general office duties.

I believe Colby will be a valuable addition to any practice now that she has completed her studies, and expect she will develop into a fine Architect.

Regards
